WATER SAFETY & RISK MANAGEMENT

The Safety & Emergency Committee will meet prior to the start of the carnival to determine any final procedures regarding water safety and risk management.

Should, at any stage prior to or during competition, there be a credible basis for concluding there is an unreasonable risk of serious injury occurring, the Safety & Emergency Committee and/or appropriate officials shall suspend all or parts of the competition. The Safety & Emergency Committee shall then decide whether to postpone, cancel or relocate all or parts of the competition. Should a risk assessment indicate that part, or all of the competition, not be conducted because of adverse weather or surf conditions, or another threat, the Competition and Safety and Emergency Committees will again decide whether to postpone or cancel all or parts of the competition.

LIVEHEATS

(Wristbands, Club Caps, Marshalling & Results)

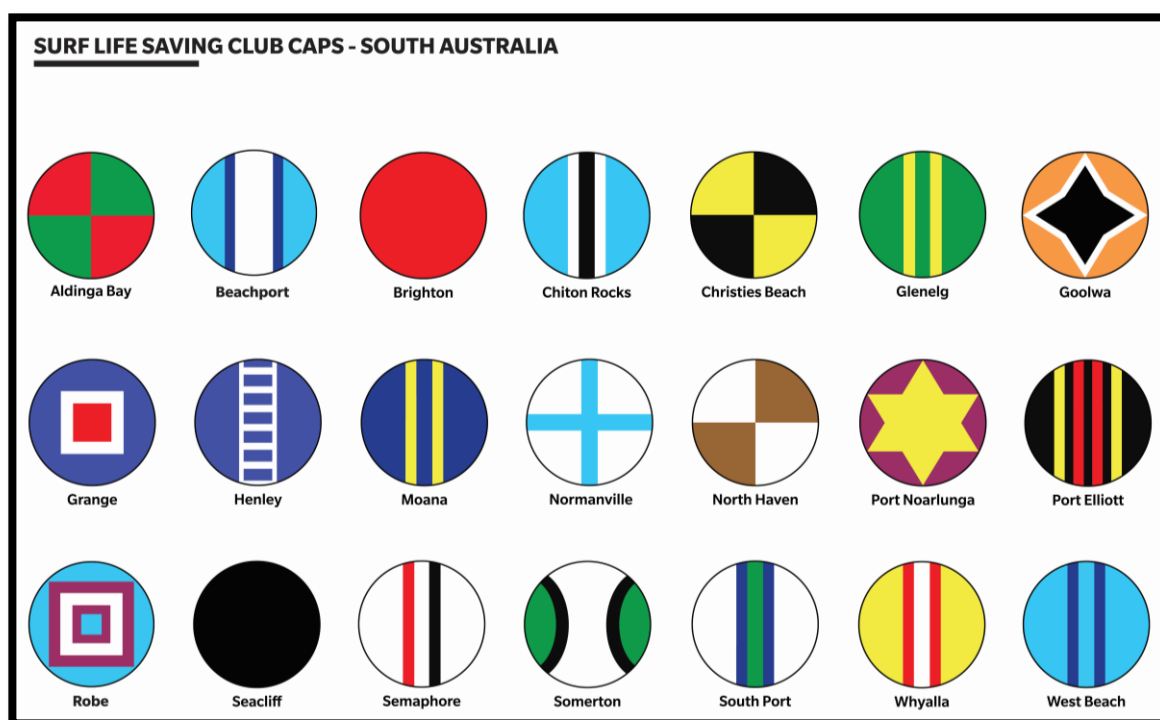

Wristbands competitors are required to have a LiveHeats wristband.

- i. if competitors have one from previous events like Kozii Enduro they can use those wristbands.
- ii. If competitors do **NOT** have one, they can collect one from the admin area prior to their first event. Please arrive early and allow enough time to collect.

Assigning Club caps

Club caps can be assigned to athlete profiles on live heats. Either the clubs or individuals can complete this.

- i. Take a screen shot of the cap, save it, and then upload to each individual athlete profile.

Marshalling & Recording

- i. Competitors need to take note of the random draw number they have been given for each event. The random draw will be visible on the [LiveHeats](#). Competitors can also search their name to find your random position once the draws are published. This number will determine your position and heat after marshalling for an event is closed.
- ii. Competitors must arrive to the marshalling area ready to race (Wristband, Club cap, Hi Vis, Craft)
- iii. Athletes on arrival must get their wristband scanned before entering the marshalling pen area. Once in the marshalling pen competitors must stay in the area until called.
- iv. After finished their race competitors wristband will be scanned to record results

Results will be available on the [LiveHeats](#).

A cheat sheet regarding how LiveHeats will work in regards to Pre-Carnival, Marshalling, Recording & Future rounds can be [HERE](#).

EVENT FORMAT

1. All INDIVIDUAL events will be a single division with a random draw for the 1st race/round. If time allows a 2nd round of racing will occur. 1 hour maximum will be allocated per event before age groups will be asked to move to their next event/area.
2. If time permits a 2nd round of racing might be offered. The second round of racing will automatically show on live heats with heat and position numbers ready to go for those that finished approx in the top 50% of their heat. All other remaining competitors will be randomly lined up into heats (These races might not necessary be recorded)

INFORMATION FOR CLUBS

1. Clubs tents should be positioned in the allocated areas to provide shade for competitors in the competition areas. Please see [site map](#) for allocations and confirm with area referee before securing your tent/s.
2. Club trailers are to be parked on the esplanade as shown on the site map please follow any instructions given by volunteers managing this area.

INFORMATION FOR FAMILIES

Sporting Environment Policy

Any person/s found to be non-compliant with our [sporting environment framework](#) or code of conduct requirements may be asked to leave and clubs may be penalised points that contribute to the [Junior State Championship – Champion Club](#). If needed, SAPOL assistance will be sought.
