Event entries will be published via liveheats.com/slssa
It is the athlete's job to check they are entered correctly

The random draw will be visible on the SLSA LiveHeats page liveheats.com/slssa

You can also search your name to find your random position in an event and then your progression afterwards

RANDOM NUMBER AND PRE MARSHALLING INFORMATION

Your athlete number will change each event

It's the responsibility of the athlete, parent or team manager to know your random draw number!
This can be done using any device with internet via liveheats.com/slssa

Do NOT forget your random draw number OR your wristband!

Once you hear the FIRST CALL for Marshalling, please approach the area Marshalls in high visibility rash vests.

MARSHALLING

IMPORTANT INFORMATION

NO team changes at marshalling

Team changes must be made on the new [Team Managers Dashboard](#) or at admin

SW 47
B 161

Remember your random draw number!

We suggest writing your random draw number on the athlete's hand
Eg. Swim (SW) 47,
Board (B) 161 etc.

Athletes will be scanned into a marshalling pen

Once you enter you can't to leave until you are called to the start line

No parents, team managers are permitted in this area

Marshalling Officials will confirm your participation in the event by scanning of the wristband as you enter the marshalling area

Once marshalling has finished, heats will be drawn and event progression announced by marshal

Marshalls will use your random draw number to assign you to your heats, NOT calling names individually!

Craft NOT permitted in marshalling area

Once the first heat is assigned they will be instructed to collect craft (if required) and go straight to the line

A line marshal will ensure you are in correct order

Marshals will continue to assign the remaining heats in the marshalling area

Stay in your heat when you have been lined up!

RECORDING & FUTURE ROUNDS

Every athlete **MUST** be scanned to record their results regardless of progressions

GENERAL GUIDANCE

Parents, Team Managers & athletes always use liveheats.com/slssa to see progressions through the rounds

LiveHeats will inform participants of their heat number and line position as the event progresses

Athletes are **EXPECTED** to know their subsequent heat and line positions for upcoming rounds
